## Master Plan 2014 – 2020

### Introduction

The Currambine Primary School Master Plan 2014 – 2020 will drive the facilities improvement agenda in the coming years. This plan aims to support the upgrading of our facilities and buildings to enhance the delivery of student learning programs and provide an attractive, engaging and well maintained school grounds.

The Master Plan is ambitious and will see some exciting changes take place around the school. Future actions identified in the plan include;

- Resurfacing of the netball courts
- The installation of a stage and green room in the Undercover Assembly Area
- Enhancement of playground facilities
- Air conditioning the Undercover Assembly Area
- Increasing shade in the school
- Enhancing the digital resources in the school

Funding support for the various projects will be sought through;

- Funding Grants (State/Federal/Private)
- Sponsorship
- Fundraising (School/P & C Association)
- Tax Deductible Building Fund

I commend the plan to the community.
