Dear Parents and Care Givers

The School Education Act 1999 requires that our school communicate to all parents the Contributions and Charges that a child may incur during the school year. The attached Schedule of Voluntary Contributions and Charges has been approved by the School Board.

The voluntary contribution for the 2021 school year is set at \$60.00. The funds collected through the voluntary contributions represent an important source of revenue for the purchase of resources such as classroom consumables and specialist program resources. We encourage every family to contribute to resourcing our student's education by paying the voluntary contribution. Payments may be made through the booklist or at the school office between the hours of 8.00am and 4.00pm. EFTPOS payments can be made at the school. Should parents wish to arrange a payment schedule over an extended period of time they are most welcome to contact the Principal or Manager Corporate Services, Mrs Lorraine Popham.

Charges are additional costs that students may be charged to participate in a range of specific programs and activities. The figures in the schedule represent the maximum amount to be paid in the calendar year and the actual costs will vary depending on your child's year level and the activities they participate in. All charges are for optional areas of the school curriculum such as swimming lessons, excursions and instrumental music lessons. It is not compulsory for children to participate in such programs.

Should parents or care givers have any inquiries related to the Contributions and Charges Schedule please contact the school.

Yours sincerely

*Geoff Smith*  
Principal
